Democratic State Platform---1906.

The Democracy of North Carolina in convention assembled, renews its allegiance to the principles of constitutional government, through laws enacted and executed in the interest of the whole people, without favor to individual or class; and it pledges itself to continue the just, wise and economical administration of public affairs which have obtained in State and county since its return to power in 1899.

We congratulate the people of the State that, under Democratic auspices, there has been established throughout the borders of the State a reign of law and liberty, peace and progress. That our people are no longer employed in guarding their homes and protecting their lives, liberty and property, as they were under Republican rule; but safe in the protection of law, and enjoying the freedom which comes from security, are directing their energies to peaceful pursuits of honest industry.

We endorse the wise, patriotic and able administration of our States affairs by Governor Robert B. Glenn and the other State officials, and we point with pride to the record of our Senators and Democratic Representatives in Congress, and endorse the same.

We again congratulate the people of North Carolina upon the successful operation of the Constitutional Amendment regulating the elective franchise. The adoption of this measure has permanently solved the race problem which had so long agitated the public mind, and was a menace to peace and good government.

In its operation the assurances made by the Democratic party to the people, that no white man would be disfranchised thereby have been fully verified, and the prediction of the Republican party, to the contrary, proven false.

After a test of five years the wisdom of the Amendment is recognized and acquiesced in by all political parties, and is accepted as a solution of a vexed question.

We congratulate the people upon the beneficent effect of the temperance legislation enacted by the Democratic party, and approve and endorse the principles enunciated in the Watts bill and the Ward bill regulating the manufacture and sale of liquor.

We reaffirm our constitutional declarations that "religion, morality, and knowledge being necessary to good government and the happiness of mankind, schools and means of education shall be forever encouraged." and that the people have the right to the privilege of education, and that it is the duty of the State to guard and maintain that right, and we express hearty approval of the great results accomplished through educational work during the past six years of Democratic rule—at the great improvement

made during that time in our educational conditions, and we promise a continuance of a four months' school term for all the children of the State.

The Democratic party established the system of pensioning Confederate soldiers and opened the Soldiers' Home for the care of the veterans who responded to the call of the State in the War Between the States. Every dollar given them was appropriated or forced by the Democratic legislation or Democratic public sentiment. We pledge the party to a fuller discharge of a debt that can never be fully paid to these aging heroes who offered their lives as a sacrifice upon the altar of their country.

We point with pride to the record of the Democratic party in its care of the unfortunate classes of our State and promise to continue to enlarge our charitable institutions until all the indigent insane are cared for at the expense of the State.

REGULATION OF PUBLIC SERVICE CORPORATIONS.

The powers of the Corporation Commission should be so enlarged as to give it full and adequate power to regulate all public service corporations within the State and subject to its jurisdiction. Passenger and freight rates in North Carolina are too high and should be materially and substantially reduced, as should also telephone rates and rentals, and we demand such action by the Legislature and Corporation Commission as will accomplish such reduction.

We are opposed to granting charters to corporations in perpetuity.

The discrimination of railroads against North Carolina cities and towns, and in favor of other points having no greater natural advantages, is a grave injustice to the people of this State, and should be corrected by such means as are available within the limitations set by the Constitution of the United States. The interference by public service corporations in political matters should be called so sharply to the attention of the people that it will be odious, and the efficiency of such corporations as political agencies should thus be destroyed.

The law against issuing free passes should be so amended as to make the party who illegally receives them equally guilty with the corporation issuing them.

The failure of connecting lines of railways to make connection as scheduled is a source of much inconvenience, expense and annoyance to the traveling public, and we demand such additional legislation as may be necessary to enforce that provision of our statute which requires connecting lines to make as close connection as is practicable for the convenience of the traveling public.

FOREST RESERVE AND INLAND WATERWAY.

We favor the Appalachian Forest Reserve, and the construction of the inland water-way from Norfolk, Virginia, to Beaufort Inlet, North Carolina. While both of these projects involve great benefits to the State, they are also of national importance.

The latter will open up a free outlet north and south for the water-borne trade of Eastern North Carolina, equalize traffic rates, and promote the prosperity of our people. Its construction will also greatly increase the coastwise trade between the South Atlantic and North Atlantic ports.

We urge our Senators and Representatives to continue their efforts to secure legislation for the establishment of the one and the construction of the other.

We reaffirm our adherence to the time-honored principle of Democracy of "equal rights to all and special privileges to none," and we condemn subsidies, gratuities, bonuses, trusts and monopolies.

For nearly ten years the Republican party has been in absolute control of all departments of national government, with power to change unjust conditions and to rectify evils. Yet, during that time colossal combinations of capital have dominated the people, and illegal perversions of corporate law have stifled competition and unfairly limited the opportunity of the individual citizen. Wealth thereby illegally obtained has been unsparingly used to control legislation and corrupt elections. No honest effort has been made, or is being made, by Republican legislation to cure or eradicate these evils.

We denounce the hypocrisy of the Republican party, which, while pretending to legislate against these conditions, deals only with the symptoms and not with the disease. The unfair, tyrannical features of the so-called "protective tariff" have made these things possible, and no permanent relief can be secured until its obnoxious features are removed. To remedy this evil we demand a thorough revision of present tariff laws.

The growth of the trusts and other inordinate and dangerous combinations of capital, the tremendous and rapidly increasing absorption and centralization of the wealth of the country in the hands of a chosen few, all due to premeditated and systematic legislation in behalf of special interests by the Republican party, demand a change in the policies imposed upon the country by that party and make the passage of restrictive laws an imperative necessity.

We denounce the appalling system of corruption heretofore practiced by the great insurance companies, whereby money intrusted to them for the benefit of widows and orphans has been diverted to the enrichment of favored individuals and to the campaign fund of the Republican party.

We denounce the present iniquitous, un-

just and trust-creating protective tariff imposed upon the people by the Republican party and demand its immediate revision, to the end that all unjust burdens shall be removed, and especially those upon the necessaries of life and those that enable the trusts to extort from the people unreasonable profits and to sell their products to consumers at home at greater prices than are charged for the same goods to the foreign consumer.

Resolutions.

At the Democratic State Convention held in Greensboro on July 3, 1906, the following resolutions were adopted:

ENDORSEMENT OF BRYAN AND AYCOCK.

The Democracy of North Carolina, the first in America to support William J. Bryan for the Presidency of the United States, is gratified to see the Democracy of every section of the Republic turning to him as the logical candidate for President in 1908.

The spontaneous call for his leadership is the result of a universal desire to correct the giant evils in our country which he long ago foresaw, and which has heretofore defeated the will of the American people. Honored the world over as America's first citizen, he will be hailed upon his return as the one man to restore the government to the foundation of equality and justice upon which it was established by our fathers. The Democrats of North Carolina in convention assembled endorse the candidacy of William J. Bryan for President in 1908, and recognizing that in choosing his running-mate the Democracy of this country should select one of her wisest and broadest statesmen, the North Carolina Democracy presents to the Democracy of the Republic as a fit candidate for Vice-President Hon. Charles B. Aycock, ex-Governor of this State.

ELECTION OF UNITED STATES SENATORS AND JUDGES BY THE PEOPLE—INCOME TAX.

We favor such amendments to the Constitution of the United States as will provide for the election of district and circuit judges of the United States and United States Senators by a direct vote of the people, and a graduated income tax.

Republican State Platform---1906.

(Adopted at Greensboro, July 10, 1906.)

The Republican party of North Carolina in convention assembled at Greensboro, N. C., July 10, 1906, congratulates all the people of the State upon prevailing conditions, as the unquestioned off-shoots of Republican policies enforced since 1897, resolve and declare the following to be a summary of their beliefs upon the more vital questions of present interest and of the action they will take if given power in the State:

1. We claim for the administration of President Roosevelt that it has satisfied every reasonable demand of the patriot, the reformer and the worker in every field of human endeavor; that it has established the currency upon a basis not to be shaken; that it has vastly extended our foreign commerce, and so added largely to the nation's wealth; that it has kept the peace at home and promoted it abroad; that it has expended the national revenue wisely and with absolute honesty; that it has laid bare and punished with iron hand every species of official or corporate corruption brought to light by vigilant agents of its own choosing; that it has hearkened to the voice of the oppressed in all lands and given sympathy when forbidden by law to give more; that it has aimed with true and constant purpose to reflect in its every act the highest and finest aspirations of the American people, northern and southern, eastern and western.

2. We state with regret the acknowledged fact that the laws of our own State have not been enforced by the Democratic administrators in State and county affairs; the legislation upon the subject of tem-

extends to its customers and the public generally every banking facility that can be had anywhere in the world.

perance, so dear to a large part of our best people, is confessedly a dead letter as relates to its enforcement by State officials —Republican officials of internal revenue bearing the whole burden of commanding for it popular obedience.

Yet the amazing spectacle is presented of a party which has kept the promise to the ear and broken it to the hope now masquerading as prohibitionists in such sections of the State as they deem ripe for that experiment in law-making.

The Republican party insists that every county and every town should be allowed to determine for itself by vote the question of whether, and if so, how whiskey shall be sold in its limits, as well as who shall hold its offices, and that they shall, none of them, be appointed by the Legislature or justices of the peace or any other authority except the people.

3. We refute in the proper spirit of just indignation the frequent threat of danger to the State from our coming into power, made by Democratic speakers and newspapers. The merest novice in political conditions must know that victory for us can come from the addition of one constituency alone—the men of the Farmers' Alliance and the People's party—to whom alone or in conjunction with Republicans the State owes the great upward movement in railroad regulation, in female education, in common school education, in the preserving, care and encouragement of the University, A. and M. College and other State institutions, threatened then as now with ghost stories of their destruction; and we pledge ourselves to continue and perfect the common school system, begun by the Republicans, until a good English education is in the reach of every child.

We shall advocate one or more reformatories for youthful criminals, and pledge the people that, given power, no insane man or woman, white or black, shall lack the State's care, be the cost what it may.

4. We congratulate the people of the State upon the removal of the Atlantic and North Carolina Railroad from the sphere of active politics, but denounce the refusal of State Democratic officials to let the light of publicity shine upon the evidence taken behind closed doors which led to the lease of that piece of State property.

Graft was admitted, but never suffered punishment, thus showing in marked contrast a national Republican, as against a State Democratic administration; and we further denounce the method of the Democratic party in appointing an investigating committee of strictly partisan Democrats.

5. If Democratic testimony is to be taken, the present Corporation Commission exists chiefly for the purpose of drawing salaries. We pledge ourselves to make it efficient. At present it is a laughing-stock of well-informed people, but no less a burden upon the tax-payer.

6. The Democratic party for years has vaunted its friendship for the Confederate soldier, while leaving him, in many cases, an object of charity. The Republicans by their votes in the General Assembly have ever shown their friendship for this most honored class of our countrymen, now daily lessening in number.

We advocate doubling the pittance now received by these veterans, and if we secure a legislative majority shall vote as we promise.

7. We favor rigid restriction of the servile immigration now coming to this country from Europe, and shall aid by every means in our power to uphold the dignity and manhood of native American citizenship.

We rejoice that sectionalism is a thing of the past.

8. We favor the establishment of the Appalachian Park, and pledge any Republican Congressman elected from this State to be its friend; but its establishment must be the work of Republican statesmanship and those its friends miscount who look to see it come from discredited Democratic bunglers in administration.

9. We charge that the Democratic State administration has been costly beyond precedent without being efficient; that the dock-

cts of the courts in very many counties remain clogged, though judges and solicitors have been increased in number and in pay.

We are unalterably opposed to frauds upon the suffrage, and we believe that the great amount of crime and lawlessness that prevail and seem on the increase in our State, including lynchings, are due to the licentious tongues of Democratic orators and others who teach and advise that it is right to commit crime and fraud for the Democratic party. Honest men can see no difference between stealing a ballot and a horse—betwen a false return of the result of an election and a false oath in the courthouse and a false verdict in the jury-box.

That it is the sense of this convention that town and city poll-tax in North Carolina should not exceed one dollar.

And, whereas, some dissensions have arisen among Republicans on account of contests over appointments to Federal offices, which, with charges and countercharges, have been given undue prominence by the Democratic press; and whereas, the Democratic party has been enabled to retain its hold upon the State government by appeals to race prejudice, references to the disorders and confusion resulting from the war and "the days of '68," as well as the manifold repetition of the statement that all Republicans are office-seekers:

It is therefore now Resolved: That the State Executive Committee of the Republican party be and it is hereby instructed to assemble, and each and every member thereof, in Greensboro, N. C., on the first day of September, 1906, and on the first days of March and September in each and every year hereafter, and shall then and there before adjournment consider applications for appointment to all Federal offices in North Carolina the terms of which shall expire in the next six months, and to recommend to the appointing power in each instance a suitable person for each position, except in such districts as are represented by a Republican Congressman. That no application shall be considered unless the applicant shall state in his application that he will submit to the action and recommendation of the committee without further contest.

Resolved, That the executive committee in making recommendations for appointment to Federal positions shall observe well that the applicant has the support of his local party friends, in addition to being well qualified for the position.

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the funding laws of 1879, the time prescribed for the exchange having been extended to January 1, 1907. These laws provided for the issue of (1) consolidated 4 per cent. bonds due in 1910 to fund old ante-war bonds at 40 per cent. of face value, "new" railroad bonds recognized as valid at 25 per cent. and bonds of 1866 and 1868 at 15 per cent., nothing being given for overdue coupons; and (2) for new consolidated 6 per cent. bonds due in 1919, for which the North Carolina R. R. construction bonds were made exchangeable at par, holders of construction bonds abating $240 of overdue interest on each $1,000 bond. The new bonds, both 4s and 6s, carry tax-receivable coupons, and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special.' The 4s of 1903 are also exempt from taxation.

In compliance with a decision of the United States Supreme Court handed down February 1, 1904, North Carolina on April 1, 1905, paid to the State of South Dakota $27,400, representing the judgment obtained by the latter State on $10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina R. R. Co. and the holders of which had refused to accept the provisions of the funding law of 1879. See V. 78, p.594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the $250,000 bonds of 1905 mentioned below to provide means of payment.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds, $11,366,000; bonds to Chatham R. R., 1868, $1,080,000, and to Williamston & Tarboro R. R., $150,000; penitentiary bonds of 1868, $44,000, "unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State at a regular election held for the purpose." The special tax bonds were in three classes, class 1 bearing the coupon of April, 1869, and since; class 2 bearing the coupon of October, 1869; class 3 bearing the coupon of April, 1870. Holders of the special tax bonds brought suit to establish the validity of their bonds and the case was decided in favor of the State.

The recognized debt which had been adjusted up to March, 1906, stood as follows:

LOANS— NAME AND PURPOSE—	P.	Ct.	Interest. Payable.	When Due.	Principal. Outstanding.
Construction bonds c	6		A & O	April 1, 1919.....	$2,720,000
Renewal bonds c	4		J & J	July 1, 1910	$3,409,450

LOANS— Bonds of 1889—	Pr.	Ct.	Interest. Payable.	When Due.	Principal. Outstanding.
Prison debt bond.....	4		J & J	January 1, 1909.....	110,000
Prison farm bonds.....	4		J & J	January 1, 1909	*60,000
Bonds of 1903.....	4		J & J	January 1, 1913	300,000
South Dakota judgment and Schafer Bonds, 1905 c	4		J & J	January 1, 1913	250,000

*Interest paid from earnings of State Prison.

PAR VALUE OF BONDS—The consolidated 4s are $50, $100, $500 and $1,000; the consolidated 6s, $1,000 each. The prison bonds are for $500 and $1,000 each. The bonds of 1903 are for $500 and $1,000 each.

INTEREST on the consolidated 4s and 6s and South Dakota judgment and Schafer bonds is payable in New York at the National Park Bank and in Raleigh.

TOTAL DEBT RECOGNIZED AND TOTAL ADJUSTED.—The recognized fundable debt which has been funded and the recognized fundable debt which has not been funded are as follows:

	Funded.	Not Funded.
Consols 6 per cent	$ 2,720,000	$ 22,000
Consols 4 per cent	3,409,450	165,120

To the foregoing we should add the further fact that the State does not have to raise money for the interest on the 6 per cent bonds for the reason that the lease of the North Carolina R. R. provides a fund for the payment of the interest thereon, and the State holds three millions (par value) in the stock of the road, which if sold would much more than pay the principal. In addition the State holds other stocks and bonds valued at $1,028,000.

ASSESSED VALUATION- The State's assessed valuation prior to 1903, was made on the basis of about 2-3 of the cash value; in 1903, however, the attempt was to assess at true value, which accounts for the large increases in that year.

For more than a generation it has been the orthodox exponent of Democratic Principles and Democratic policies. is the oldest Business College in Virginia, and first to erect a building of its own—one of the finest in Richmond. By refusing to resort to exaggerated claims and improper promises to get students, it has forged to the front among schools of its kind. Section, Minnesota Educational Association. "The leading Business College south of the Potomac river."—Philadelphia Stenographer. "When I reached Richmond, I inquired of several business men for the best Business College in the city, and without exception they all recommended Smithdeal's as the best."—Wm. E. Where The Money Comes From

Most of the money comes from the users or consumers of farm products. Are you getting *your* share of all this money? Our new almanac lays down necessary rules for fertilizing, planting, cultivating, top dressing, harvesting and preparing for market your crops of cotton, tobacco, corn, vegetables, fruits and grains. If you desire big profits, use from 400 to 1000 pounds of high grade

Virginia-Carolina Fertilizers

per acre on all your crops, and you will be agreeably surprised at your greatly increased yields. Ask your fertilizer dealer, or write us for a copy of Virginia-Carolina Fertilizer almanac, which is written by some of the most experienced and successful farmers in the South. While it is free to you, many farmers say the almanac is worth $1.00 to them for its suggestions.
